

## ADVANCE NOTICE OF PESTICIDE TREATMENT

**This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The notice will be distributed using the methods identified in the annual Advisory To Parents.**

Attention: Parents/Guardians of students attending this facility:

This facility utilizes an Integrated Pest Management approach for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that fertilizer will be applied at all locations and athletic fields.

The approximate location of these treatments is **district-wide**.

The anticipated date of treatment will begin on **Thursday, September 2, 2010**.

If you have questions pertaining to this treatment, please contact:

Name: Jim LeJeune, Facilities Manager

Phone: 231.881.0950

For further information pertaining to pesticides you can contact the National Pesticide Information Center at Oregon State University. The toll free number is 800-858-7378. The web site is [www.npic.orst.edu](http://www.npic.orst.edu).

For additional information pertaining to pesticide use, you can contact the Michigan Department of Agriculture (MDA). The MDA's web site is [www.michigan.gov/mda](http://www.michigan.gov/mda) and it will list the telephone numbers and addresses of the MDA's regional offices. The regional office for Northern Michigan is located in Traverse City and the telephone number is 231.922.5210.
