

Josh Brey

Courses Taught: Pre-Algebra, Algebra Essentials, and Learning and Literature

Biography: I am very grateful to have joined the staff in the 2006-2007 school year—first as a substitute teacher, now as the long-term substitute for Mrs. Billideau. This is a great opportunity for me to work with a veteran staff and a great community! I received my Bachelor of Science in Education with a major in mathematics and a minor in language arts from Central Michigan University. I completed my student teaching requirement under Rochelle Cullip (6th grade mathematics) and Sarah Saddison (8th grade mathematics) here at Harbor Springs Middle School. I believe that it is essential to instill the quality of life-long learning in every student. I am a very active person and enjoy a wide range of sports such as golf, basketball, baseball, tennis, running, skiing, hiking, fishing, boating, and hunting. I am just one of the five members of my family that are in the educational profession. My wife teaches kindergarten in Mackinaw City, my brother teaches industrial education in Mancelona, my sister-in-law teaches mathematics and social studies in Petoskey, and my mother is the secretary for the principal in Mackinaw City.

Favorite Quote: “Kids don’t care what you know until they know that you care.”
