

Heather Keiser
6th Grade English Language Arts

Teaching middle school students makes each day an adventure. The 2006-2007 school year marks my first year in the Harbor Springs School District; however, I've taught middle school language arts for the past four years in Owosso, Michigan. I love working with students and helping them develop their reading, writing, and speaking skills. I earned my Bachelor of Science Degree in secondary education at Central Michigan University. I'm currently working on my Master's Degree in Educational Leadership through Grand Valley State University. I've been married for three years and have a son named Brady. When I'm not teaching or spending time with family, I love to read, scrapbook, and go to the beach. Since I've just recently moved back to northern Michigan, I'm looking forward to getting back into downhill skiing and snowmobiling.

People grow through experience if they meet life honestly and courageously. This is how character is built. -Eleanor Roosevelt
