

Mrs. Saddison

Courses taught: Pre-Algebra, Algebra, Health 8, and Healthy Living

Coach: MATHCOUNTS & Middle School Volleyball

Brief-Bio: Hello! My name is Mrs. Saddison. I grew up in Fruitport, Michigan, and am a graduate of Fruitport High School. I decided early in high school that I wanted to be a teacher due to the influence of some wonderful teachers, as well as my family. I attended Grand Valley State University, where I received a secondary teaching degree in Mathematics and Health Science. I am currently working on my master's degree through MSU in Educational Technology. This is my fifth year teaching in Harbor Springs and I am very excited to be here! When I am not at school, I enjoy playing softball, tennis, rollerblading, skiing, volleyball, reading, remodeling, and sewing. I also enjoy spending time with family and friends. I am recently married and have two cats (who I treat as my children). We live in Harbor Springs and are proud to be a part of this wonderful community.

Favorite MATH quotation: *Mathematics takes us into the region of absolute necessity, to which not only the actual word, but every possible word, must conform.*

Bertrand Russel

Personal website: I have one, but it needs revision.
