

LINKING TO

HIGHSCHOOLSPORTS.NET

MY SCHOOL. MY TEAMS. OUR WORLD.™

Once you have logged into Schedule Star, you can create a direct link to your schedules from your school's web site.

GETTING STARTED

1. Go to www.HighSchoolSports.net.
2. Find your school by entering the school name or city or state. This opens a web page with your school's information. Be sure your school name is at the top of the page.
3. Click on MY SCHEDULES near the top of the page. This opens a page displaying your school's events by 2-Day, Week, Month, Season. This is the page you want to link to from your home page.
4. Highlight and copy the HTTP address from your browser (copy entire address exactly as it appears).

Create a new link to this address on your web site. Linking directly to this address will by-pass the state and school selection screens, taking users directly to your school's schedules.

You can download HighSchoolSports.net banners and buttons to use on your home page as links to our site at: www.schedulestar.com/graphics.htm.
