

I am Rachelle Cook. I am thrilled to be doing my 6th year in the Title One program. I provide support to 3rd, 4th, and 5th graders in language arts and math.

I received my degree from Western Michigan University in elementary education with a minor in Integrated Creative Arts. I am also taking classes through Grand Valley State University to stay current on education issues and methods. I am happily married and have a 1 year old son, Carter, and a dog, Murphy.

We are loving every minute of being parents!

I enjoy the opportunity that this position provides. I get to know the students on a personal level and share in their accomplishments. I am excited to start another year of working closely with such wonderful students!
