

Time for a “Face Lift”!

Every once in a while, it's time for a change, a “make-over”, or a “new and improved look.” That's what we have done with www.harborps.org, our district's website. Our first step was to seek the services of an experienced consultant to guide us in designing an attractive and practical site. We were able to solicit the services of Marta Olson of Mintaka Design. After much preparation, which included numerous meetings, assigning a myriad of tasks, collecting texts, photos and calendar information and facilitating detailed training sessions, we have finally rolled out what we believe to be one of the best school websites in the state! Take the time to log on and you will have immediate access to the following information:

- Current District and Building Announcements
- School Directory and Calendar
- Building Newsletters
- Strategic Plan and Annual Reports
- Performing Arts Center Information
- Community School Calendar and Course Descriptions
- Pool Information
- Athletic Schedules, Photos and Information
- Food Service Menus
- District Notebook Newsletter
- H.S and M.S. Handbooks and Course Offering Guides
- High School Guidance and College Prep. Information
- Board Governance Policies

In addition to the above information, parents and students can utilize our website to log on to Centerpoint, the district's graphical interface grading and assignment program that provides up-to-date information. So, log on and see our new look!
